*"Thanks to the support of Rock the Street Wall Street, I had the privilege of attending the Women's Association of Venture and Equity (WAVE) annual career forum in New York City for the second consecutive year. During the forum, I participated in various group discussions with female finance professionals, who shared their insights on the alternative asset management industry. My most valuable takeaway is the importance of a strong professional network in one's career development."*

I am learning so much from a range of educational sessions and am connecting with such an impressive network. I wanted to check-in and continue to express my gratitude to RTSWS for sharing the position and for helping me land this. It is truly such a rare opportunity for someone my age and it's already proving to be a great fit and extremely worthwhile."*
