

Rock The Street, Wall Street

Mission

Rock The Street, Wall Street empowers high school and university students, especially young women, by bringing the **M in STEM** to life through a focus on **Financial & Investment fundamentals**. We provide industry access and guidance to our students and alumni, supporting their journey from **classrooms to careers** while fostering expanded participation in the capital markets.

Impact

5x

RTSWS high school students pursue finance & related computational degrees at five times the rate of the average US female university student

79%

On average, RTSWS alumni demonstrate a significant increase in Financial & Investment literacy, improving their knowledge by 79%

10,000+

RTSWS has reached and helped to empower more than 10,000 female students through its programs over time

Purpose

Educate: Delivers industry-aligned financial and investment literacy programming

Prepare: Builds confidence and opens career pathways in finance and STEM

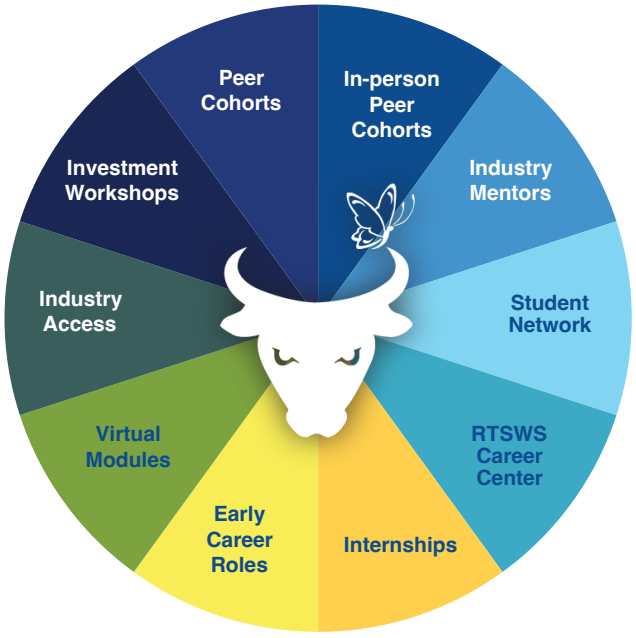

Advance: Connects students with financial professionals and mentors

Our Approach

RTSWS prepares high school, university and early career students for success in finance through financial and investment education, mentorship and industry access. Our programs build confidence in math and investing while connecting students with practical skills, professional networks and career opportunities.

With universities and more than 60 high school cohorts across 30 cities in the U.S., U.K., Hong Kong and Canada, RTSWS expands pathways from classrooms to careers in finance.

Programming Offerings

Our Programming

What We Do

With support from industry volunteers and sponsors, RTSWS connects students to financial education, industry mentors and career opportunities. From high school classrooms to university and early careers, our programs build financial knowledge, strengthen professional networks and prepare the next generation for careers in finance

High School Offerings
